**At the Elites.**

No singer has ever won favor with Pensacola audiences as rapidly as Pat Drew, who is now filling a short engagement at the Elite Theatre. He does not claim to be a second Caruso or other knight of the high "C," nor are his songs from operas or sentimental ballads in his line. Nevertheless, his work proves immensely pleasing as manifested by the encores he receives after each song. The explanation is simple. He has the rare gift of bringing a smile to the face and make one forget the cares of life. Comedy songs are the main strength of his large repertoire and his sunny disposition helps him to bring home the funny

**GREAT WANT PREVAILS AMONG VICTIMS OF MISSISSIPPI FLOODS: GOVERNMENT FEEDS DAILY THOUSANDS OF PENNILESS REFUGEES**

At the top, barge piled with corn meal; at the bottom, U. S. army officers supervising the landing of supplies.

Memphis, Tenn., May 1.—Although the Mississippi floods have subsided they have left in their wake ruin and desolation. The property loss runs into millions. Thousands of families and individuals have been rendered penniless. Fully appreciating the gravity of the situation, congress has appropriated several hundred thousand dollars for the care of the destitute, and may appropriate more.

It has been estimated that Uncle Sam has given daily rations to fully 70,000 refugees throughout the flood area. Until these people find employment or other means of subsistence the government will have to take care of them.

In this city the work of caring for the refugees has been so systematized that there is no longer neces-

sity for strenuous effort in getting them supplied. Supply stations have been established and rations and provender are used at those stations for the use of the people and their stock. Two or three boats are still kept busy hauling supplies, but the greater portion of them have gone further south to take up the work in the more recently flooded districts.

points of his songs and his singing leaves pleasant memories not only because they all are full of humor but also because they are clean and free from suggestiveness so often found in the popular song of the present day.

Next week the Elite will present a two-reel moving picture of the Divine Sarah Bernhardt in an elaborate production of Sardou's masterpiece, "Camille." It was the first time the Divine

The vessel will leave Vicksburg May 18, arriving here May 23.

**HOW SHALL A MAN BE JUST BEFORE GOD?**

**REV. W. L. WALKER HANDLED THIS SUBJECT MOST INTERESTINGLY AT THE FIRST BAPTIST CHURCH LAST NIGHT.**

Rev. W. L. Walker has spoken twice every day this week to good audiences. Tuesday night six walked forward to take the vows of the church.

Wednesday night he spoke from Job's query, "How shall a man be just before God?"

"Every man shall be religious at some future day when all stand before God, and hear His thunder tones in judgment," he said. "The victims on the Titanic, without respect to their profession, lifted voices in prayer. How can we be right with God? Every man is a sinner before God. God says there is no difference. The gospel is good news. It would not be good news to tell a camp of convicts to be good. That would not be good news. However, a pardon signed by the governor would be good news. The gospel brings pardon to the sinner."

"Jesus Christ paid the debt. All the condemned man needs to do is to accept the pardon by faith. Two men do not pay the same debt. For years I tried to be good enough to be saved, but could not."

"A man must drop the oars of self-righteousness and grasp the rope of pardon, and only by this life-line can a sinner be saved."

Three united with the church, making twenty to date.

**FAMILY DOGS AND MONKEYS**

**SYNDER COACHING PARTY WILL BE HERE WITH GENTRY BROTHERS SHOWS—UNIQUE PERFORMANCE OF ANIMALS.**

A touch of nature makes the whole world kin, and the touch of nature that is brought out by the "Synder Family," with Gentry Brothers All New Feature Shows, brings all audiences to hearty laughter. The Synder Family is the unique climax of an idea conceived by one of the trainers. The trainer is also a mechanic.

At odd times around winter quarters he built a little family carriage, made a tiny set of harness, several dresses,

and everything else that goes to make up the togery for a family out riding. Then he draw upon dogs and monkeys for his characters. Two big dogs were chosen for steeds. Another big dog, but of different color, was chosen for "Mr. Synder." Then "Mrs. Synder" was found, and a nice new dress was fitted.

From among many other dogs a little terrier was chosen for the "Synder Baby." Of course the baby had to have a nurse. A monkey was elected and a larger monkey was chosen for the coachman. After much rehearsal the animals were working perfectly. Now they drive in state into the tent of Gentry Brothers All New Feature Shows.

The family pays a visit while the monkey nurse takes the baby outside. When the coach returns it is turned over. The coachman rights it, and the nurse attends the injured members.

The manner in which these animals go through their entertaining work is one of the most laughable features of Gentry Brothers All New Feature Shows. With them the "Synder Family" are in Pensacola today.

What Texans admire is hearty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made." Excellent for stomach, liver or kidney troubles. 25 cts. at W. A. D'Alemberte's.

**COMMITTEE OF ASSOCIATION MEETS FRIDAY**

**AN IMPORTANT MANUFACTURING PROPOSITION WILL BE CONSIDERED AT SESSION TO BE HELD IN ROOMS OF COMMERCIAL ASSOCIATION TOMORROW MORNING.**

One of the most important meetings of the manufacturing committee of the Pensacola Commercial Association held since the committee was organized is scheduled for Friday morning at 11 o'clock.

The meeting is to be held in the rooms of the association and the principal matter to be discussed will be a proposition of Geo. A. Berry, chief engineer of the Gulf, Florida & Alabama Railway Company, in regard to running a spur from the railroad of his company to the Goulding district.

The proposition is explained, to some extent, in the following letter which was mailed to each of the members of the committee:

Dear Sirs:

Mr. Geo. A. Berry, chief engineer of the Gulf, Florida & Alabama railway, has had a survey made of the Goulding district and has a tentative plan for tapping this section from his road, which is less than a mile distant. Not only would this be a great advantage to all of the present industries at Goulding but it would make available sites for many additional plants, and everybody would have better service and possibly better rates. Something of this sort is necessary in Pensacola to become a great manufacturing point and reap the benefit of its natural advantages.

Please attend a meeting at the rooms of the Pensacola Commercial Association Friday at 11 o'clock a. m. for the purpose of examining Mr. Berry's survey and considering his proposition.

Yours truly,

F. F. BINGHAM, Chairman.

**S.S.S. NATURE'S TONIC**

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S.S.S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S.S.S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S.S.S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the overstrained nerves, and makes one feel better in every way.

**A DIPLOMAT DEAD.**  
Washington, May 1.—Thomas Cleveland Dawson, resident diplomatic officer of the state department, died here early today after an illness of several weeks with a complication of diseases. He was forty-six years of age and a native of Hudson, Wis. Mrs. Dawson, who married the diplomat in Brazil in 1897, and several children survive him.

There is a man in Hiltonia, Ga., whose release from pain and suffering is due to Foley Kidney Pills. He recommends them. "I suffered with kidney trouble recently and had awful pains in my back. I got a bottle of Foley Kidney Pills and after taking them I am entirely cured and cheerfully recommend them to all." W. A. D'Alemberte.

It's about time Australia was coming to bat with a real fighter. The country has furnished a lot of them to the world in the past. There was Bob Fitzsimmons, the wonderful Cornishman, Peter Jackson, Young Griffo, and a lot of other warriors. If Mehegan is of the same caliber, it looks as though the title might slip out of the grip of the old U. S. A.
